Note: This ticket is an **example** of a SecuTix. It does not give right to any service. A SecuTix is **personal and non transferable**. It is only valid with a **valid identification**.

Your test printing was successful if:

- The ticket is printed in color or in black and white.
- The printed ticket corresponds to what you can see on your screen.
- You can read the text «JOHN-SMITH-ADULT» in the lower third of the ticket. This text is repeated and is aligned diagonally.
- The frame surrounding the printed ticket is unbroken.
- The frame surrounding the ticket is 18 cm wide.
- The ticket is printed on plain white A4 paper.

If your test printing has failed, review the following points and re-print the ticket:

- Your printer is a laser or an inkjet printer.
- You are using A4 paper, in portrait (upright) format and normal size (100%, no zoom).
- You are not using the fast printing mode or economic mode.
- Your ink cartridge or your toner contains enough ink.
- You used the Acrobat Reader printing function, not the navigator's. (see image)
